CENTURY

Elevating Spaces with Custom Mirrors

Century creates mirrors that transform spaces. We design and fabricate custom mirrors for hospitality, restaurants, commercial, and residential interiors, tailoring each piece to the vision of the space. From decorative wall mirrors to sleek LED-lit designs, every mirror is made to order with purpose, precision, and care.

Our mirrors do more than reflect. They define, illuminate, and elevate interiors with timeless elegance. Crafted with attention to detail and premium materials, each piece becomes a statement of design, bringing sophistication, light, and depth to every environment it inhabits.

Make a
Statement

01

LED-Lit Integrated Mirrors: Fully Custom. Limitless Possibilities

LED-lit mirrors blend function with modern elegance, turning everyday reflection into an elevated experience. With integrated lighting, sleek profiles, and refined details, they add clarity, ambiance, and sophistication.

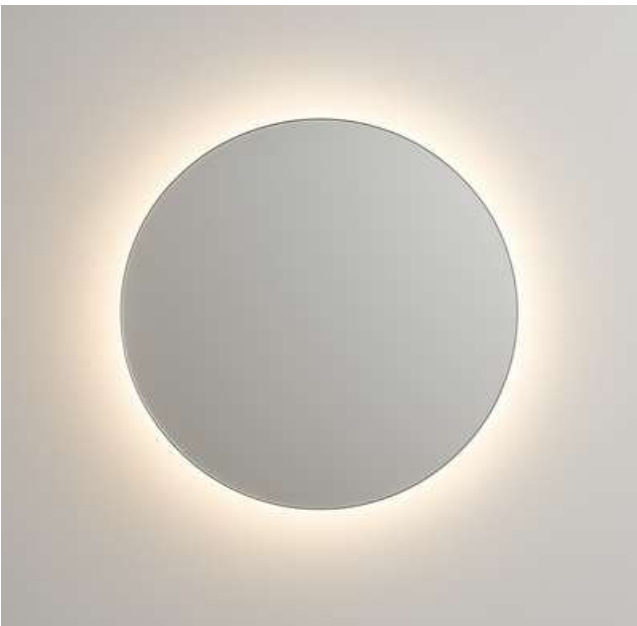

Fully customizable in size, shape, color temperature, and dimming, they enhance bathrooms, vanities, guestrooms, or any space with a polished, contemporary look and illuminated focal point.

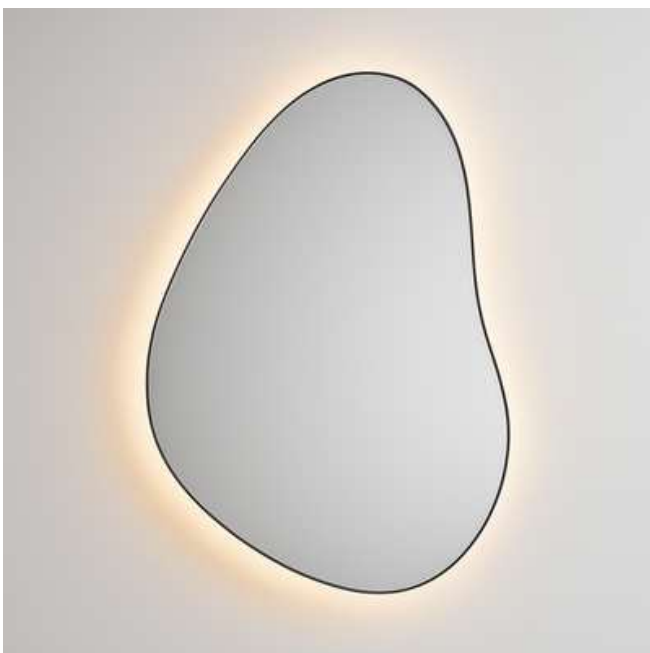

Front-Lit LED Mirrors

Mirrors with integrated LED lighting, designed for bathrooms, vanity areas, or ambient lighting in any space. Fully customizable in size, shape, and finish with dimmable, color-changing, or anti-fog options to suit your vision.

Back-Lit LED Mirrors

Lighting integrated behind the mirror creates a halo or ambient glow, fully customizable in size, shape, and finish to suit any design

Asymmetrical LED-Lit Mirrors

Asymmetrical mirrors with integrated backlighting cast an ambient halo effect, and can be tailored in any size, shape, silhouette, or finish to complement any space.

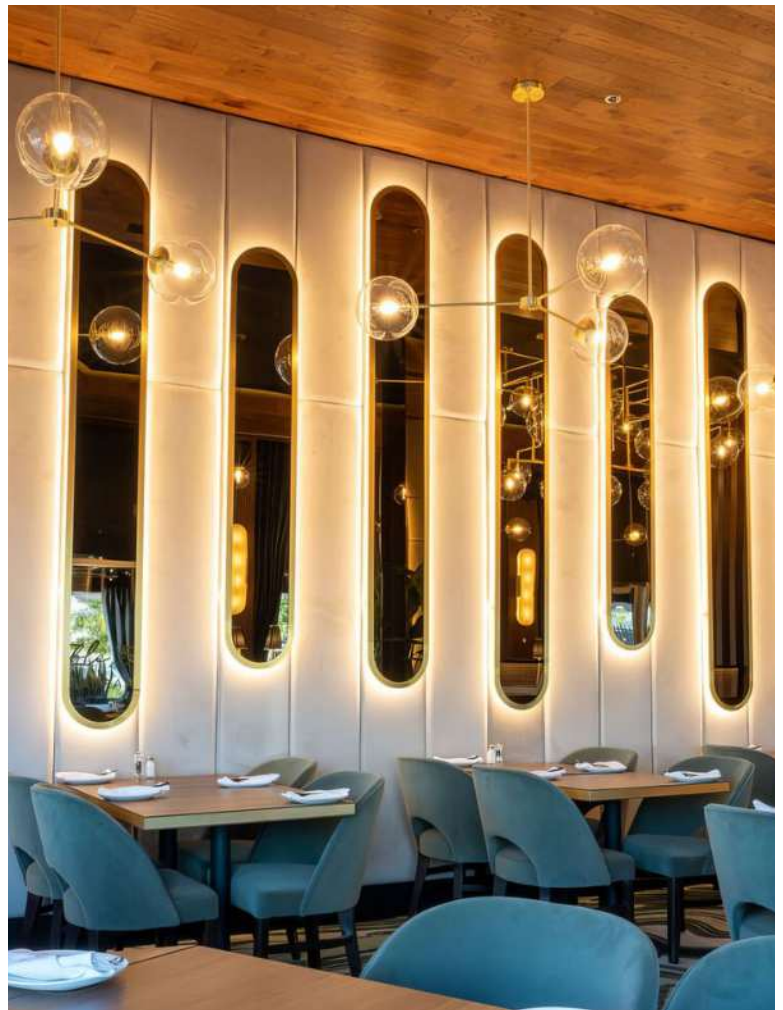

LED-Lit Smart Mirrors

Smart mirrors combine sleek design with customizable, touch-controlled illumination. Available in multiple sizes with options like color-temperature adjustment and anti-fog technology, they bring modern clarity and sophistication to bathrooms, vanities, and contemporary spaces.

Decorative LED-Lit Mirrors

Decorative LED mirrors combine style and function, casting flattering, customizable light while serving as a statement piece. Perfect for restaurants, lobbies, and guest rooms, they enhance interiors with a sleek, contemporary glow that elevates both ambiance and design.

Decorative Reflections. Any Style, Any Space, Any Statement.

Decorative mirrors blend practicality with artistic flair, transforming empty walls into captivating focal points. With eye-catching frames, sculptural silhouettes, and refined accents, they bring depth, texture, and character to any environment.

Available in a range of customizable sizes, styles, and finishes, these mirrors are designed to elevate living rooms, entryways, dining areas, guestrooms, and hospitality spaces. Any interior seeking a touch of sophistication and visual charm can benefit from their timeless elegance and striking presence.

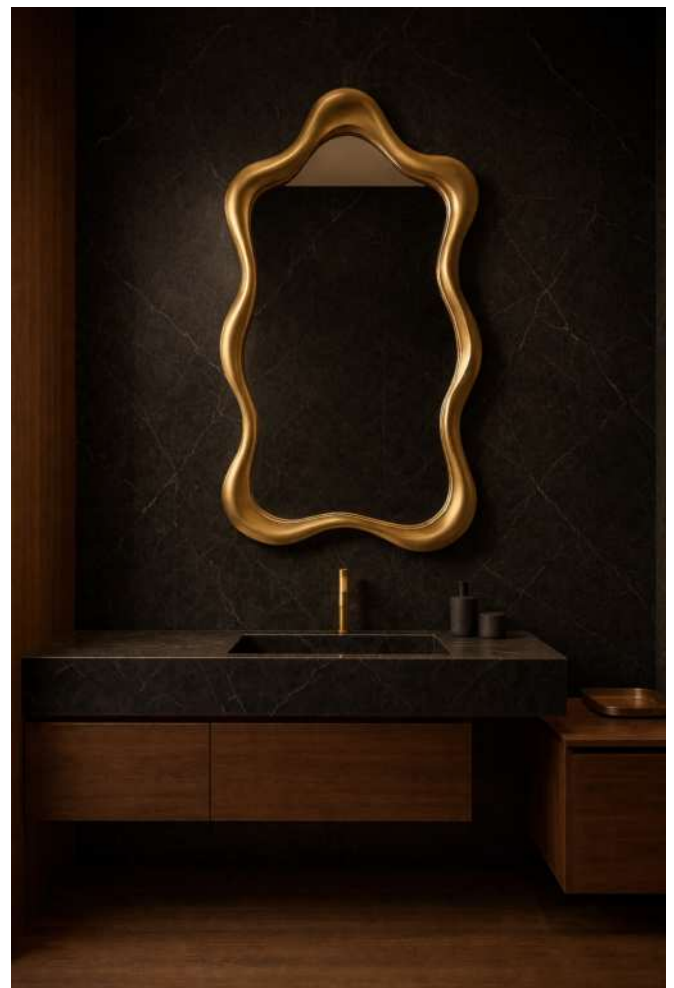

Modular Multi-Panel Mirror

Modular multi-panel mirrors offer flexible design options, arranged in grids, stacks, or staggered layouts. Scalable for large lobbies or guest rooms, they add architectural dimension, with framework as a design feature. Available framed or frameless, with tints, bevels, backlighting, and metal trims, they're stylish, adaptable, and easy to install or replace, perfect for hospitality interiors.

Sculptural Organic Mirror

A sculptural organic mirror adds fluid, nature-inspired form to any space. Its soft, asymmetrical silhouette brings warmth and personality to guestrooms, lobbies, and corridors, while customizable sizes and finishes make it easy to integrate into any design. A standout piece that elevates interiors with effortless visual charm.

Where Hospitality meets Architectural Mirror Design

04 Decorative Reflections: Any Style, Any Statement.

Architectural mirrors combine function with intentional design, transforming walls into bold visual elements that shape and enhance a space. Through clean lines, geometric forms, and thoughtfully engineered details, they introduce light, dimension, and structural clarity to any interior.

Available in a wide range of customizable sizes, profiles, and finishes, these mirrors are crafted to elevate lobbies, corridors, dining rooms, guest suites, restaurants and any environment seeking a refined architectural presence and a heightened sense of spatial depth.

Where Makeup meets LED-Lit Perfection

05 LED - Lit Makeup Mirrors. True Light, True Beauty.

LED makeup mirrors combine precision lighting with a sleek, contemporary aesthetic, offering guests the perfect balance of clarity and comfort. Their soft, even illumination enhances visibility for makeup application and grooming, creating a flattering, true-to-life reflection that elevates the daily routine.

Designed with clean lines, a modern glow, and intuitive functionality, these mirrors add a touch of luxury while remaining effortlessly practical. Designed for durability and consistent performance, LED makeup mirrors bring a refined, guest-focused experience to vanity areas, guestrooms, and suites, enhancing every stay with brightness, ease, and thoughtfully crafted design.

Where the Infinity
Mirror meets Light +
Luxury

06 Infinity Mirrors. Endless Depth, Endless Design.

Infinity mirrors bring a striking blend of artistry and innovation, transforming any space with their mesmerizing sense of depth and light. Their layered reflections create a captivating illusion, endless, dimensional, and instantly eye-catching, turning walls, lobbies, and guestrooms into immersive design moments. With clean geometry, refined finishes, and a modern interplay of LEDs and mirrors, they function as both sculptural statement pieces and atmosphere-building focal points that instantly elevate an interior.

Engineered for reliability and long-lasting illumination, infinity mirrors deliver consistent performance while enhancing ambiance with a bold, contemporary glow. Built for durability and dependable lighting, they offer more than aesthetics, providing lighting impact that lasts. Thoughtfully designed and undeniably distinctive, infinity mirrors introduce sophistication and wonder, enhancing every space they inhabit with a sleek, modern edge.

Your Space. Your Style. Your Mirror.

As a fully **custom manufacturer**, we create mirrors as unique as the spaces they transform. From modern homes to boutique hotels and large-scale commercial projects, we collaborate closely with designers to bring every vision to life, without limitations. Any size, any shape, any lighting style.

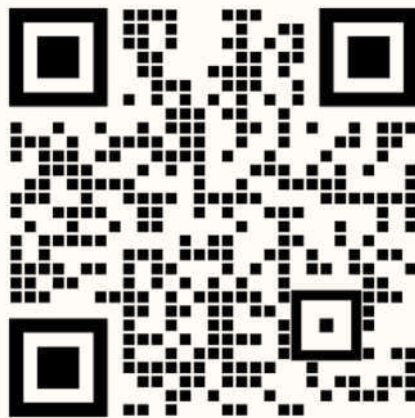

Crafted with premium materials and exceptional attention to detail, our mirrors are engineered for impact, durability, and seamless integration. Whatever you imagine, we make possible, turning mirrors into defining design moments.
